Conference Roundup Panel

Beyond OpenCms 8

Thank you very much again!

- Beyond OpenCms 8...

- We will accelerate our release cycle in the next 3 months
  - There was a new GWT release just last week that we could not include
  - We really need your feedback

- Version 8.0.1 by June 29, 11

- Version 8.0.2 by August 18, 11

- OpenCms 8.5 will be released
  May or June 2012

- We will improve/replace the XML Content
  Editor with a JS based version

- The general focus of 8.5 will be to improve
  the ADE user experience even further

- ## Rich Cooley
  - NorthPoint Solutions

- ## Jens Dreger
  - DREGER Information Technology

- ## Dammian Miller
  - Melbourne Business Online

- ## Kai Schliemann
  - Commundus GmbH

- ## Alexander Kandzior
  - Alkacon Software GmbH

- What where the most noteworthy impressions you got during the conference?
- What kind of OpenCms project are you working on right now or in the near future?
- What feature of OpenCms 8 may become most useful for you or your customers?
- How long will it take until you start adopting or upgrading to OpenCms 8?
- What kind of features do you want to see in a future OpenCms version?
